## SEE 3 DISTINCT BENEFITS FROM ARMS HOLIDAY

### PROPOSALS ON ALL FORMS OF ARMAMENT BUILDING TO BE CONSIDERED

Washington, Sept. 17.—(UP)—The United States was prepared today to consider proposals for a "holiday" on all forms of armament building—land, sea and air.

An authoritative source informed the United Press that in addition to the state department's study of benefits to be derived from a naval holiday, it is also making a similar study with reference to land and air fighting forces.

It can be said on high authority that President Hoover is not now planning to propose a rest in the international armament race. The administration is ready, however, to give sympathetic consideration and perhaps append suggestions, to such a proposal from foreign quarters.

Both the suggestions of Italian Foreign Minister Dino Grandi and Chairman Borah of the senate foreign relations committee for an armament halt have received the keen attention of the state department.

Administration officials believe that at least three distinct benefits probably would result from an armament holiday called in advance of the general disarmament conference at Geneva next February:

1. Creation of a more friendly atmosphere at the Geneva conference.
2. Allowance of time for Europe to solve some of its vexing political problems.
3. Provision of economic relief among the nations involved.

## SAYS INSURANCE EXCEEDED VALUE OF FURNITURE

### FIRE MARSHAL INVESTIGATING BLAZE HERE REPORTS CON- TENTS \$800 OVER INSURED

Officials continued today to assemble evidence they will present to a county grand jury in session here in November by which they will attempt to prove that two small blazes last weekend in a bedroom at the residence of Murray Greenlaw, 1310 Quince St., were started by a firebug.

Geo. G. Magnuson, deputy state fire marshal, who has aided city authorities in the investigation, reported today the insurance coverage as follows: \$1600 on the house, \$1500 on the furniture. He asserted that the value of the furniture does not exceed \$700.

The fire first came to the attention of the investigators by insurance claim agents who reported suspicions of incendiary in connection with the blaze.

The two blazes in the bedroom occurred while occupants were out of the city and the presence of dense smoke and lack of moving air extinguished them before they caused serious loss. The fire was not reported by anyone to the fire department at the time.

## Young Stowaway Halts Take-off of Lindberghs

Fukuoka, Japan, Sept. 17.—(UP)—Col. and Mrs. Charles A. Lindbergh arrived here at 4:02 p. m. (2:02 a. m. C.S.T.).

They completed the flight from the eastern coast of Honshu Island to the west coast of Lyushu Island in three hours and five minutes.

Just before the take-off at Osaka the Lindberghs discovered a stowaway in their plane. The take-off was delayed while the 17-year-old newsboy climbed from the plane and disappeared into the crowd.

The stowaway, Umezo Shimidzu, 17-year-old newsboy, hid in the fuselage of the Lindbergh monoplane. He was found by Col. Lindbergh when the aviator opened the luggage compartment.

## Drowning Caused "Pirate" Victim's Death

Huntington, L. I., Sept. 17.—(UP)—Benjamin P. Collings, victim of one of the strangest murder mysteries in recent criminal history, died by drowning and not from the immediate effects of blows suffered in a death scuffle on his cruiser Penguin, the autopsy revealed today.

Collings, young Stamford, Conn., yachtman and retired engineer, was alive when he struck the water, Dr. Otto H. Schultz, surgeon who conducted the autopsy, said. The body, found on the beach of the Marshall Field estate on Long Island Sound yesterday, was tied hand and foot, and the head badly battered.

## Advocates Higher Taxes on Big Incomes

Washington, Sept. 17.—(UP)—Higher taxes on big incomes, and other taxes if necessary to balance the budget were advocated today by Representative Joseph W. Byrnes of Tennessee, ranking democrat on the appropriations committee.

Byrnes said economies could cut expenses in nearly every government department but he doubted they could be cut enough to meet the prospective \$1,000,000,000 deficit.

## ANOTHER BLOODY 'ALKY' WAR FEARED AFTER SLAUGHTER

### THREE DETROIT RACKETEERS FALL BEFORE GUN FIRE OF SILENT GANGMEN

Detroit, Mich., Sept. 17.—(UP)—Seven men were arrested and held for questioning today as police tried to break through the shield of silent gangmen and trace the killers who yesterday slaughtered three racketeers in an apartment room here.

Solemon Levine, companion of the slain men, who escaped death in incredible fashion, continued to be the center of questioning by Prosecutor Harry S. Toy. Levine maintained his story that the three men—Joseph Lebovitz, Herman Paul and Joseph Sutker, were kidnapped from his car by men he did not see or know.

Orders were issued to police to arrest on sight any known members of the notorious purpose gang.

Ballistic experts set about the task of trying to identify the revolvers used in the shooting despite the mutilated gun numbers.

Autopsies were to be performed to recover bullets in the bodies for comparison with the revolvers which police found in a can of fresh green paint—used to obliterate finger prints.

Levine escaped death when the killers ordered him to "beat it and keep his mouth shut."

"I thought I'd better go," Levine naively told police.

While detectives sought some clue to the identity of the three executioners and their chauffeur, fear spread that the killings herald another bloody "alky" war such as that of a year ago.

## RUNAWAY GIRL IS EXPECTED BACK IN BRAINERD TODAY

### PARENTS OF ALICE EDWARDS SEND HER TICKET TO COME HOME; WITH FRIENDS

Fourteen year old Alice Edwards was believed on her way home today from Minneapolis after three days absence from Brainerd because of school differences.

Thomas Edwards, 1402 South Broadway, locksmith, reported to the Dispatch that he learned the whereabouts of his daughter late yesterday. A friend of the family, Helen Sheehane, 4727 Fremont avenue N. Minneapolis, had written him that Alice was staying there, he said.

"I sent Alice a special delivery letter immediately and enclosed a bus ticket to return to Brainerd. Her mother and I expect her home some time today," Mr. Edwards said.

The girl left Brainerd Monday morning and after rollerskating several miles down State Trunk Highway No. 27, was picked up by a truck driver who carried her to Minneapolis.

## LIONS CLUB INAUGURATES ATTENDANCE CONTEST AT ENTHUSIASTIC MEETING

General mode of living of the Hawaiian, Filipino and other peoples of the island possessions of the United States as observed during several years' enlistment by Frank Bane, son of Mr. and Mrs. W. W. Bane, 401 N. First Street, interested members of the Lions Club last night at their regular meeting.

In relating his experiences, Bane told of spending several months in the Hawaiian islands, a similar period in the Philippines and a protracted water trip that took the army contingent past the island of Molokai, the leper colony, and other interesting sights.

Bane recalled habits and customs of these peoples that, while appearing crude and meaningless to the Americans are sacred in the existence of the islander. He told of how they maintain an existence; how they live, the rank and file usually living in squalid circumstances but, the more cultured in lavish style, and what they eat and drink.

George Magnuson and H. B. Hensell, both of St. Cloud, deputy state fire marshals, told the club of a fire inspection now being made here with the cooperation with Fire Chief Fuller. Telling of the investigation, Magnuson commended highly the work of the local fire chief and the fine cooperation given the marshals by the business men.

Another guest of the club was Paul F. Jaeger, editor of The Daily Dispatch. He was called upon for a few remarks on his impression of Brainerd.

Enthusiasm reigned high at the meeting as it was the first of an attendance period. Teams have been selected in an effort to secure 100 per cent attendance during the contest and to stimulate interest in Lions club activities.

## VAN DORN ESCAPES UNHURT AS HOME PLANE CRASHES INTO TREE FROM 300 FEET INITIAL FLIGHT HERE

Walter VanDorn, 504 South Fifth street, made plans today to reconstruct his homemade plane after a "crackup" in a tree near the Rosko Airport from 300 feet in the air at 4:30 p. m. Wednesday.

VanDorn, not daunted by his initial mishap, firmly intends to rebuild the plane around the former motor and cockpit skeleton. The wings of the plane were torn away but the amateur pilot was not hurt except for a few scratches.

The plane went "dead" and dropped on its initial flight.

"My motor stopped sudden-like and

I put her down on top of a tree. I didn't have sufficient flying speed to coast into the clear," VanDorn said in explaining the accident.

VanDorn believes now that his motor was not used enough to keep it in smooth running order. The motor was a reconditioned one, removed from a used model A Ford.

"I expect to have my new plane completed in about one month. I intend to fly or die in the attempt," VanDorn said.

"I intend to fly or die in the attempt," is typical of his determination.

## FIVE PRINCIPLES EMBODIED IN PLAN TO AID WORKMEN

### REMOVAL OF "40 YEAR DEAD- LINE" FEAR FOR WORKER PROVIDED IN SWOPE'S IDEA

New York, Sept. 17.—(UP)—A "business constitution" designed to federate all American industry in working out an economic plan to safeguard employer and worker and solve permanently the problem of "hard times" has been drafted by Gerald Swope, president of the General Electric company.

Swope outlined his plan to 600 members of the National Electrical Manufacturers association at a banquet last night.

The plan calls for organization of each industry into a trade association regulating production through agreement on trade practices and ethics, and providing standard accounting methods and regular financial reports.

Labor's interests are protected through provisions for workers' compensation, old age pensions, life and disability insurance, and unemployment insurance.

The interest of the general public is protected through federal supervision. The federal trade commission or a bureau of the department of commerce would regulate companies and trade associations.

Swope's plan gives the workman a sense of security in his job and tends to remove fear of the "Forty-year deadline" as he grows older.

Swope said five principles underlie his program:

"Every effort should be made to stabilize industry and thereby stabilize employment to give the worker regularity and continuity of employment, and when this is practicable, unemployment insurance should be provided.

"Organized industry should take the lead, recognizing its responsibility to its employees, to the public, and to its stockholders—rather than that democratic society should act through its government.

"There should be standardized forms of reports so that stockholders may be properly informed.

"Production and consumption should be coordinated on a broader and more intelligent basis thus tending to regularize employment and thereby removing fear from the minds of the workers as to continuity of employment; as to their surviving dependents in case of death, and as to old age.

"Every effort should be made to preserve the benefits of individual originality, initiative, and enterprise, and to see that the public is assured that its interests will be protected."

Adoption of the proposals will require modification of "some existing laws," Swope admitted. By this it was understood he referred to the Sherman anti-trust laws.

## FLIERS RETRACE ROUTE TO JAPAN AFTER REFUELING

### ATTEMPT TO FLY FROM JAPAN TO AMERICA ENDS IN THE NORTH PACIFIC

San Francisco, Sept. 17.—(UP)—Don Moyle and Cecil A. Allen, whose attempt to fly from Japan to America ended in the lonely north Pacific, have refueled their monoplane at Navarin Island and will attempt to take off from there today, according to a message received by the navy radio station here this morning.

The message was the first picked up by radio operators to give details as to how the attempted non-stop flight ended. Like the first vague reports that said the airmen were safe, the latest message came from the Russian steamer Buriat.

The Buriat said that Moyle and Allen had landed on Navarin Island near Cape Navarin, on the southern coast of Siberia. Apparently they attracted the attention of the passing steamer and were given help.

"Plane refueled from Buriat, fliers expect to take off today from island, weather permitting," was the message intercepted by the naval radio at St. Paul's Island, in the Alaskan region, and relayed here. At first it started the fliers probably would pass over the island. A few minutes later it added:

"Buriat vague as to destination, one time saying Seattle and later in communication with another ship saying Tokyo. There are heavy winds and seas near Navarin."

The fact that the American airmen are much nearer to Tokyo than Seattle indicated they probably would retrace the airline they followed here from Sabishiro Beach, Japan.

### Needle Found in Egg

Chelsea, Mass., Sept. 17.—(UP)—Inside an egg, Sam Davis found a sewing needle. His mouth was pricked by the needle while he was eating the egg.

## POLICE SEIZE 24 QUARTS BEER IN BRAINERD HOME

### JOHN RODMAN, 504 SOUTH 10TH STREET, TO STAND TRIAL ON NUISANCE COUNT TOMORROW

John Rodman, 504 South 10th street, today pleaded not guilty to the charge of maintaining a nuisance at his home and his trial was fixed by Judge J. H. Warner for 10 a. m. tomorrow in municipal court.

The complaint was entered by Chief of Police Thomas Templeton who in company with Officer Erick Graff raided the home yesterday afternoon and seized 24 quarts of beer.

Chief Templeton said the raid was conducted because neighbors complained to him.

## SANTA CLAUS HAD CONTRIBUTOR IN SCHOOL DISTRICT, REPORT SHOWS

St. Paul, Sept. 17.—(UP)—Expenditures including "donations" to Santa Claus and buying of cookies and ice cream for the opening of school were revealed today by State Comptroller E. J. Pearlove in a report on school district No. 33, Ramsey county.

Among the "education activities" listed on the district's expense accounts were \$2.50 for Santa Claus, \$1.61 for cookies at a school opening, three items totaling \$71.50 for ice cream, \$42.50 for candy and nuts and \$177 for bus transportation for the school children.

## Springfield Chosen for Next G. A. R. Encampment

Des Moines, Ia., Sept. 17.—(UP)—The Grand Army of the Republic the ranks of which have dwindled from nearly half a million to approximately 15,000, will hold its next annual national encampment in Springfield, Ill., it was decided today.

The tottering old "boys in blue," who are attending the 65th annual encampment here, voted in favor of Springfield over St. Paul, and Cleveland, the other major contenders.

## MOVE TO RESIST REPEAL OF FARM MARKETING ACT

### DIRECTORS OF FARMERS OR- GANIZATION CONDEMN FARM BOARD CRITICS

Chicago, Sept. 17.—(UP)—Directors of the Farmers National Grain corporation moved today to dispel any doubts as to whether the corporation would continue its recently adopted direct marketing and expansion program.

By resolution, at the end of a two-day secret session, they unanimously endorsed the program and commended executive officers for "loyalty and faithful discharge of their duties." The meeting was called to discuss difficulties confronting the corporation in its efforts to help handle the huge amount of grain purchased by the Federal Farm board with which it is affiliated.

The marketing program, designed to simplify handling and reduce costs of selling grain, has met considerable criticism. This opposition was met by the directors with a statement in which they characterized direct marketing as a "distinct forward step."

A second resolution adopted at the close of the meeting flayed critics of the Federal Farm board and commended the board for its "faithful adherence to the principles established and recognized by the agricultural marketing act."

The resolution urged "that all friends of co-operative marketing combine their forces in one common program to resist the repeal or amendment of the farm marketing act by business groups motivated by selfish private interests or by political partisanship."

## U. S.-FRANCE GET CORNER ON WORLD'S AVAILABLE GOLD

### INCREASE IN FRANCE'S TREAS- URY BRINGS COMBINED HOLD- INGS TO 65 PER CENT

Paris, Sept. 17.—(UP)—The further increase during the past week of France's gold pile to an all-time record total of 58,576,000,000 francs (\$2,284,464,000) in a proportion almost equal to the rhythm of increase of America's reserves sent the combined holdings of France and the United States to a total of 65 per cent of the world's available gold.

Of the world possessions, the United States has 42 per cent in its vaults and France now 23 per cent.

The weekly statement of the Bank of France, published this afternoon, showed an increase of gold holdings during the week of 9,900,000 francs. It represents a proportion of 55.49 per cent of the bank's outstanding paper.

## Demurrer to Doherty Suit Filed by Star

Kansas City, Mo., Sept. 17.—(UP)—The Kansas City Star's legal counsel has filed a special demurrer to the \$12,000,000 libel suit of Henry L. Doherty.

The demurrer alleges that the suit stated no cause of action.

Notice was served that it would be called for a hearing September 26.

## CUYUNA RANGE FIREMEN'S ASS'N FAVORS BANNING OF FIREWORKS IN THIS DISTRICT

Delegates from seven fire departments in the district, members of the Cuyuna Range Firemen's Association, will vote in favor of placing a ban on the sale of fireworks in this district at a meeting of the association at Deerwood tonight, Frank W. Fuller, Brainerd fire chief and president of the association, said today.

"We propose to draw up ordinances and appeal to the governing bodies in the respective towns and in Brainerd to pass legislation prohibiting the sale of fireworks," Chief Fuller said. "Since the Spencer, Iowa, fire a move is sweeping the country to forbid the sale of fireworks and prevent another such conflagration."

Chief Fuller will lead a delegation to the Deerwood meeting tonight. Representatives will also be present from Crosby, Ironton, Aitkin, Staples, Cuyuna and Deerwood.

The village of Deerwood, recent purchaser of a new fire truck, will demonstrate its fire fighting equipment in connection with the meeting.

## TENTATIVE ROAD BUILDING PROGRAM FOR NEXT YEAR ALSO INCLUDES THE GRADING AND GRAVELING TO BRAINERD

A concrete highway between Aitkin and Duluth on State Trunk Highway No. 2 will be completed next year while final grading and graveling will be placed on the same highway to Brainerd preparatory to paving the following year, it was revealed today in a tentative extensive building program announced at St. Paul by C. M. Babcock, state commissioner of highways.

The program calls for 428 miles of concrete highway to be built in Minnesota next year and was announced in connection with the opening of bids for cement for the proposed construction work.

The 17 mile concrete road between Aitkin and Lonsford was completed today. The Lonsford to Carlton link, a distance of 47 miles, will be paved next year. Trunk Highway No. 2 between Carlton and Duluth was paved last year.

Trunk Highway No. 2 between Brainerd and Aitkin is now being placed in readiness for paving work likely to be done in 1933. However, five miles of paving into Ironton from Brainerd is proposed next year.

## BRAINERD VOTED CLEAN, SAFE CITY BY FIRE MARSHAL

### MAGNUSON COMPLETES INSPEC- TION, RECOMMENDS ONLY 18 CORRECTIONS BE MADE

Geo. G. Magnuson and H. V. Himsel, deputy state fire marshals, prepared today to leave Brainerd for work elsewhere after complimenting this city on its clean, fine appearance, its fire-proof buildings, the efficiency of the local fire department and its chief, Frank W. Fuller.

Magnuson reported to the Dispatch that of the 297 stores, business establishments and schools examined in Brainerd for the protection of their occupants and citizens from fire, his report carries only 18 suggestions for corrections.

## POSSE MEMBERS TELL STORY OF KILLING TO JURY

### WITNESSES IN SHOOTING OF HANLEY FALLS HIGH SCHOOL GIRL ARE SUMMONED

Granite Falls, Minn., Sept. 17.—(UP)—Behind closed doors a coroner's inquest today heard members of a posse, which shot and killed Arlewine Kittleson, 18, Hanley Falls high school girl, explain their part in the shooting.

Each witness was brought into the room without having heard testimony of other witnesses and the meeting was closed to all save newspapers.

Coroner Oscar M. Olson predicted the inquest would continue all day and possibly tomorrow, in its effort to fix blame for the girl's death.

Miss Kittleson was killed Tuesday night when a posse organized by Arthur Gustafson, filling station attendant who had been robbed, and Mayor Jack Chambers of Hanley Falls started a search for the bandits who had held up Gustafson.

According to the story told by posse members, the automobile driven by Clarence Jacoby of Wood Lake, in which the girl was riding, was fired upon when Jacoby failed to stop it at the posse's command.

## \$10,000 Jewelry Taken in Chicago Hold-up

Chicago, Sept. 17.—(UP)—Two bandits, during the morning rush at Clark and Madison streets, invaded the Fidelity Loan Bank in the Morrison hotel building today, tied up three men, seized four trays of diamonds, valued at \$10,000 and escaped in the crowds. The gunmen also robbed Sam Greenfield, owner of the shop, of \$150 and Edward Gewold, window trimmer, from whom they seized the diamonds, of \$58.

Trunk highway No. 12, from Montevideo through Wawson to junction with No. 6, 18.9 miles.

Trunk highway No. 14, from Redwood Falls to end of pavement east of Marshall, 25.2 miles. This will make continuous pavement on this route from Gaylord to a point five miles west of Marshall.

Trunk highway No. 15 from Fairmont to junction No. 16 near Madella, 22.7 miles. This will make a continuous pavement with one short gap from the Twin Cities to the South Dakota line. The gap will be between Adrian and Inverne.

Trunk highway No. 18, Zimmerman to Milaca, 20.9 miles. This will complete the pavement between Elk River and Onamia.

Trunk highway No. 20, Pine Island to Rochester, 16.4 miles; Chatfield to Fountain, 8.9 miles; Preston to Iowa line at Prosper, 19.9 miles. This will complete the paving of this route its entire length and will furnish a new all paved route from Minnesota to Chicago via Decorah and Dubuque, shorter than either of the present paved routes.

Trunk highway No. 30, Fergus Falls to junction No. 64, 4.5 miles; Omega to Mahanomen, 12.7 miles; Bejou to junction No. 8, 15.3 miles. The latter two projects are links in what will eventually be continuous pavement from Detroit Lakes to Crookston.

Trunk highway No. 64, from junc-

The message was the first picked up by radio operators to give details as to how the attempted non-stop flight ended. Like the first vague reports that said the airmen were safe, the latest message came from the Russian steamer Buriat.

The Buriat said that Moyle and Allen had landed on Navarin Island near Cape Navarin, on the southern coast of Siberia. Apparently they attracted the attention of the passing steamer and were given help.

"Plane refueled from Buriat, fliers expect to take off today from island, weather permitting," was the message intercepted by the naval radio at St. Paul's Island, in the Alaskan region, and relayed here. At first it started the fliers probably would pass over the island. A few minutes later it added:

"Buriat vague as to destination, one time saying Seattle and later in communication with another ship saying Tokyo. There are heavy winds and seas near Navarin."

The fact that the American airmen are much nearer to Tokyo than Seattle indicated they probably would retrace the airline they followed here from Sabashiro Beach, Japan.

Needle Found in Egg  
Chelsea, Mass., Sept. 17.—(UP)—Inside an egg, Sam Davis found a sewing needle. His mouth was pricked by the needle while he was eating the egg.

### POLICE SEIZE 24 QUARTS BEER IN BRAINERD HOME

#### JOHN RODMAN, 504 SOUTH 10TH STREET, TO STAND TRIAL ON NUISANCE COUNT TOMORROW

John Rodman, 504 South 10th street, today pleaded not guilty to the charge of maintaining a nuisance at his home and his trial was fixed by Judge J. H. Warner for 10 a. m. tomorrow in municipal court.

The complaint was entered by Chief of Police Thomas Templeton who in company with Officer Erick Graft raided the home yesterday afternoon and seized 24 quarts of beer.

Chief Templeton said the raid was conducted because neighbors complained to him.

### SANTA CLAUS HAD CONTRIBUTOR IN SCHOOL DISTRICT, REPORT SHOWS

St. Paul, Sept. 17.—(UP)—Expenditures including "donations" to Santa Claus and buying of cookies and ice cream for the opening of school were revealed today by State Comptroller E. J. Pearllove in a report on school district No. 33, Ramsey county.

Among the "education activities" listed on the district's expense accounts were \$2.50 for Santa Claus, \$1.61 for cookies at school opening, three items totaling \$71.50 for ice cream, \$42.50 for candy and nuts and \$177 for bus transportation for the school children.

### Springfield Chosen for Next G. A. R. Encampment

Des Moines, Ia., Sept. 17.—(UP)—The Grand Army of the Republic the ranks of which have dwindled from nearly half a million to approximately 15,000, will hold its next annual national encampment in Springfield, Ill., it was decided today.

The tottering old "boys in blue," who are attending the 65th annual encampment here, voted in favor of Springfield over St. Paul, and Cleveland, the other major contenders.

### MOVE TO RESIST REPEAL OF FARM MARKETING ACT

#### DIRECTORS OF FARMERS OR- GANIZATION CONDEMN FARM BOARD CRITICS

Chicago, Sept. 17.—(UP)—Directors of the Farmers National Grain corporation moved today to dispel any doubts as to whether the corporation would continue its recently adopted direct marketing and expansion program.

By resolution, at the end of a two-day secret session, they unanimously endorsed the program and commended executive officers for "loyalty and faithful discharge of their duties."

The meeting was called to discuss difficulties confronting the corporation in its efforts to help handle the huge amount of grain purchased by the Federal Farm board with which it is affiliated.

The marketing program, designed to simplify handling and reduce costs of selling grain, has met considerable criticism. This opposition was met by the directors with a statement in which they characterized direct marketing as a "distinct forward step."

A second resolution adopted at the close of the meeting flayed critics of the Federal Farm board and commended the board for its "faithful adherence to the principles established and recognized by the agricultural marketing act."

The resolution urged "that all friends of co-operative marketing combine their forces in one common program to resist the repeal or amendment of the farm marketing act by business groups motivated by selfish private interests or by political partisanship."

### U. S.-FRANCE GET CORNER ON WORLD'S AVAILABLE GOLD

#### INCREASE IN FRANCE'S TREAS- URY BRINGS COMBINED HOLD- INGS TO 65 PER CENT

Paris, Sept. 17.—(UP)—The further increase during the past week of France's gold pile to an all-time record total of 58,576,000,000 francs (\$2,284,464,000) in a proportion almost equal to the rhythm of increase of America's reserves sent the combined holdings of France and the United States to a total of 65 per cent of the world's available gold.

Of the world possessions, the United States has 42 per cent in its vaults and France now 23 per cent.

The weekly statement of the Bank of France, published this afternoon, showed an increase of gold holdings during the week of 9,900,000 francs. It represents a proportion of 55.49 per cents of the bank's outstanding paper.

### Demurrer to Doherty Suit Filed by Star

Kansas City, Mo., Sept. 17.—(UP)—The Kansas City Star's legal counsel has filed a special demurrer to the \$12,000,000 libel suit of Henry L. Doherty.

The demurrer alleges that the suit stated no cause of action.

Notice was served that it would be called for a hearing September 26.

### CUYUNA RANGE FIREMEN'S ASS'N FAVORS BANNING OF FIREWORKS IN THIS DISTRICT

Delegates from seven fire departments in the district, members of the Cuyuna Range Firemen's Association, will vote in favor of placing a ban on the sale of fireworks in this district at a meeting of the association at Deerwood tonight, Frank W. Fuller, Brainerd fire chief and president of the association, said today.

"We propose to draw up ordinances and appeal to the governing bodies in the respective towns and in Brainerd to pass legislation prohibiting the sale of fireworks," Chief Fuller said. "Since the Spencer, Iowa, fire a move is sweeping the country to forbid the sale of fireworks and prevent another such conflagration."

Chief Fuller will lead a delegation to the Deerwood meeting tonight. Representatives will also be present from Crosby, Ironton, Aitkin, Staples, Cuyuna and Deerwood.

The village of Deerwood, recent purchaser of a new fire truck, will demonstrate its fire fighting equipment in connection with the meeting.

### TENTATIVE ROAD BUILDING PROGRAM FOR NEXT YEAR ALSO INCLUDES THE GRADING AND GRAVELING TO BRAINERD

A concrete highway between Aitkin and Duluth on State Trunk Highway No. 2 will be completed next year while final grading and graveling will be placed on the same highway to Brainerd preparatory to paving the following year, it was revealed today in a tentative extensive building program announced at St. Paul by C. M. Babcock, state commissioner of highways.

The program calls for 428 miles of concrete highway to be built in Minnesota next year and was announced in connection with the opening of bids for cement for the proposed construction work.

The 17 mile concrete road between Aitkin and Lansford was completed today. The Lansford to Carlton link, a distance of 47 miles, will be paved next year. Trunk Highway No. 2 between Carlton and Duluth was paved last year.

Trunk Highway No. 2 between Brainerd and Aitkin is now being placed in readiness for paving work likely to be done in 1933. However, five miles of paving into Ironton from Brainerd is proposed next year.

### BRAINERD VOTED CLEAN, SAFE CITY BY FIRE MARSHAL

#### MAGNUSON COMPLETES INSPEC- TION, RECOMMENDS ONLY 18 CORRECTIONS BE MADE

Geo. G. Magnuson and H. V. Himsel, deputy state fire marshals, prepared today to leave Brainerd for work elsewhere after complimenting this city on its clean, fine appearance, its fireproof buildings, the efficiency of the local fire department and its chief, Frank W. Fuller.

Magnuson reported to the Dispatch that of the 297 stores, business establishments and schools examined in Brainerd for the protection of their occupants and citizens from fire, his report carries only 18 suggestions for corrections.

### POSSE MEMBERS TELL STORY OF KILLING TO JURY

#### WITNESSES IN SHOOTING OF HANLEY FALLS HIGH SCHOOL GIRL ARE SUMMONED

Granite Falls, Minn., Sept. 17.—(UP)—Behind closed doors a coroner's inquest today heard members of a posse, which shot and killed Arlewine Kittleson, 18, Hanley Falls high school girl, explain their part in the shooting.

Each witness was brought into the room without having heard testimony of other witnesses and the meeting was closed to all save newspapers.

Coroner Oscar M. Olson predicted the inquest would continue all day and possibly tomorrow, in its effort to fix blame for the girl's death.

Miss Kittleson was killed Tuesday night when a posse organized by Arthur Gustafson, filling station attendant who had been robbed, and Mayor Jack Chambers of Hanley Falls started a search for the bandits who had held up Gustafson.

According to the story told by posse members, the automobile driven by Clarence Jacoby of Wood Lake, in which the girl was riding, was fired upon when Jacoby failed to stop it at the posse's command.

### \$10,000 Jewelry Taken in Chicago Hold-up

Chicago, Sept. 17.—(UP)—Two bank robbers, during the morning rush at Clark and Madison streets, invaded the Fidelity Loan Bank in the Morrison hotel building today, tied up three men, seized four trays of diamonds, valued at \$10,000 and escaped in the crowds.

The gunmen also robbed Sam Greenfield, owner of the shop, of \$150 and Edward Gewold, window trimmer, of \$58.

The Minnesota Highway Department proposes letting the grading and graveling of 9.9 miles of the new route through Brainerd and outlying districts settle a year before the paving work is started. By that time, under present plans, the new \$300,000 concrete bridge serving No. 2 over the Mississippi river at Main street will be completed. Plans for the construction of the bridge will be opened in St. Paul the latter part of next month.

When all links are completed in the highway between Brainerd and Duluth, T. H. No. 2 will virtually be joined by a hard surface road extending from Fargo, through Brainerd to Duluth, a distance of approximately 275 miles.

The new proposed improvement will be the second all concrete pavement linking Brainerd with metropolitan centers.

Babcock's announcement includes the major part of the 1932 highway program drawn up when the recent bond issue bill was advocated. This increase was made possible by lower prices on contracts and materials and lower interest on bonds.

Other projects may be added later if favorable prices are received on construction, Babcock said. Approximately 1,729,000 barrels of cement will be purchased by the state. Bids were asked at this time to aid unemployment, as the cement mills can operate during the winter if they have definite orders to fill, the United Press reports to the Brainerd Dispatch.

The list of projects follows:  
Trunk highway No. 2: Lansford to Carlton, 47 miles, to complete a hard surface route between Aitkin and Duluth.

Trunk highway No. 3: Lake City to Wabasha, 12.9 miles; west of Red Wing, 7.6 miles; Alexandria to Brandon, 13.5 miles; Fergus Falls to Dalton road, 6.5 miles. The paving will complete all but one gap between Brandon and Elbow Lake of the continuous paved highway from La Crosse to Breckenridge.

Trunk highway No. 5, from Bemidji north, 4.8 miles.

Trunk highway No. 5, Ambay to end of old pavement near Mankato, 19.5 miles.

Trunk highway No. 6, Inverne to Iowa line, 10.3 miles.

Trunk highway No. 7: Eyota to the Arches, 21.4 miles; Sleepy Eye to Springfield, 13.7 miles. This paving will make a continuous surface from the Arches, near Winona, to Waseca, and from Springfield to New Ulm.

Trunk highway No. 8, Bemidji to Wilton, 4.8 miles; Grand Rapids to Deer River, 17.5 miles. From junction with No. 32 to Clearwater county line, 41.2 miles. These additions will complete a continuous paved route from Bemidji to East Grand Forks.

Trunk highway No. 9, from Fairmont to Fairbault county line, 10.3 miles.

Trunk highway No. 12, from Montevideo through Wadena to junction with No. 6, 18.9 miles.

Trunk highway No. 14, from Redwood Falls to end of pavement east of Marshall, 25.2 miles. This will make continuous pavement on this route from Gaylord to a point five miles west of Marshall.

Trunk highway No. 15 from Fairmont to junction No. 16 near Madelia, 22.7 miles. This will make a continuous pavement with one short gap from the Twin Cities to the South Dakota line. The gap will be between Adrian and Inverne.

Trunk highway No. 18, Zimmerman to Milaca, 20.9 miles. This will complete the pavement between Elk River and Onamia.

Trunk highway No. 20, Pine Island to Rochester, 16.4 miles; Chatfield to Fountain, 8.9 miles; Preston to Iowa line at Prosper, 19.9 miles. This will complete the paving of this route its entire length and will furnish a new all paved route from Minnesota to Chicago via Decorah and Dubuque, shorter than either of the present paved routes.

Trunk highway No. 30, Fergus Falls to junction No. 64, 4.5 miles; Omega to Mahanomen, 12.7 miles; Bejou to junction No. 8, 15.3 miles. The latter two projects are links in what will eventually be continuous pavement from Detroit Lakes to Crookston.

Trunk highway No. 64, from junction of No. 10 and No. 12 to

**Peterson-Holmseth  
Marriage Yesterday**

With Rev. Samuelson officiating, a pretty wedding took place in the Swedish Lutheran church yesterday, uniting Miss Cora Holmseth of Brainerd, Minn., and Leonard J. Peterson of St. Peter, Minn., in marriage.

The ceremony was at 12 high noon, preceded by the wedding march which was played by Miss Marguerite Gustafson. The bride carried a beautiful bouquet of roses and babies' breath and wore a gown of white transparent velvet and a veil, with accessories to match.

The couple was attended by Miss Helen Anderson, St. Peter, and Dr. Clifford Gustafson, Brainerd. Miss Anderson wore an orchid taffeta gown and carried pink roses.

After the ceremony, Mr. and Mrs. Peterson, the attendants and a few friends gathered at Archer's for a 1 o'clock dinner. The table was beautifully decorated with pink roses and babies' breath.

**District Meeting of  
Rebekahs at Backus**

A large number of Rebekahs are expected to be present at the district Rebekah lodge meeting at Backus tomorrow afternoon and evening. The Brainerd and Ironton lodges will take leading parts in the program.

Those who will be in attendance are: Helene Smith, Hibbing, Assembly Vice President; Cora Haymaker, Motley, Assembly Warden; Grace Staples, St. Cloud, Past Assembly President.

The district officers are: president, Amelia Fields, Pine River; vice president, Alice Torgerson, Motley; secretary, Lula Townsend, Pine River; treasurer, Grace Sykes, Backus.

Brainerd will make a worthy showing as the following plan to make the trip to Backus: Mr. and Mrs. Carl Bentley, Mr. and Mrs. J. W. Fry, Mr. and Mrs. G. O. Bacon, Minnie Avery, Isabel McCarthy, Ruth Thompson, Mabel Alexander, Hildegard Fredstrom, Bess Murphy, Myrtle Saure, Mr. and Mrs. Frank Fuller, Harriet Peterson, Ellen Alexander, Mr. and Mrs. Tom Crowley, Clara Gilmer, Lydia

Anderson, Amanda Clausen, Mr. and Mrs. Herb Paine, Mr. and Mrs. F. H. Mahle, Gertrude Restan, Elizabeth Henderson, Mr. and Mrs. Neel Jepson. At 6 o'clock a banquet will be served.

**V. F. W. Auxiliary  
Members Gather Friday**

A V. F. W. meeting will be held in the farmers' room at the courthouse Friday, Sept. 18. All members are urged to attend.

**Good Time Card Party  
to be Held Oct. 6**

Many members turned out for the Degree of Honor meeting last Tuesday. They voted to have a good time card party Oct. 6. After the business meeting there was a social time, during which lunch was served by Mrs. J. H. Herbert, Miss Camelia Herbert and Mrs. G. Vierzba.

**Finds a Way to  
Stop Attacks of Fits**

Reports are received of an amazing treatment that epileptics state has proved successful in stopping their attacks. R. Lepso, Apt. 62, 123 E. Wright, Milwaukee, Wis., has been supplying sufferers with this treatment. He now wishes to reach all those who have not been helped and do so is making the startling offer of a generous treatment free to all sufferers. Anyone afflicted should write for this free treatment at once, giving age.—Adv.

## Fictitious Farm Prices--

Just now there is agitation in our neighboring state of Iowa to place a fictitious price on corn, an agreement among farmers being sought to keep the grain off the market until the price reaches 60 cents. The movement for 60 cent corn is headed by Iowa's governor—who should know better—but he belongs to the class of politicians who seek to carry favor with the voter and is reluctant to tell them the truth if the latter has a tendency to alienate votes. That it may well be worth 60 cents to grow a bushel of corn is not the question; the question is who is going to pay it? Bryan and his crowd of free silver agitators tried to get a fixed price for the white metal "without waiting for the aid or consent of any other nation," but they failed and the world has been glad of the result since that memorable campaign of 1896. The principle of the fixed price for corn is just the same; adoption of free silver or adoption of a fixed price for corn or similar commodities would simply mean that the markets would be flooded. Some other plan must be worked out by those having the salvation of the farmer at heart.

## CASS LAKE WOMAN SAYS NEW FRIEND ROBBED HER HERE

POLICE PROVIDE LODGING FOR  
WOMAN BUT UNABLE TO  
FIND HER TODAY

Police were unable today to locate a woman whom they befriended last night and provided with a room in a downtown Brainerd hotel after she had told them she was robbed of her purse and overcoat in Brainerd by a new made friend in St. Cloud who had promised to drive her to Cass Lake for \$5.

The woman gave her name as Mrs. Leidick and her address as Cass Lake although she said she had been living recently in Minneapolis. According to the story she told police she was hurrying to Cass Lake to be at the bedside of a sister who was seriously ill. She gained a ride to St. Cloud and while there was introduced to a man who offered to drive her to Cass Lake for \$5. While she was eating in a downtown restaurant at 11 p. m. her escort drove away with her purse and overcoat. The purse contained \$7, she said.

Promising to report to police headquarters today, the woman failed to appear. The hotel clerk reported she had checked out.

## Relief Work Under Way in Fire Regions

St. Paul, Minn., Sept. 17.—(UP)—Rains have quieted more than a dozen forest and peat fires in the northwest part of the state but smoldering embers still constitute a menace that may cause another outbreak, reports from Marshall, Pennington, Lake of

the Woods and Beltrami counties indicated today.

No fires are running above the surface of the ground in any of the counties but peat is reported burning in several places. The menace will probably continue until the first week in November, it was said. Meanwhile relief work progressed with the rebuilding of houses for refugees of the fire near Grygla.

Now, more than ever before, there is a special new reason why you should come in and talk to us about a new Hupmobile. Bring your present car along. We want to see it.

# "BULL" DURHAM TOBACCO

NOW 5¢ formerly 8¢

## "ROLL Your OWN!"

Genuine "BULL" DURHAM Tobacco at 5¢ marked the entrance of my father, Percival S. Hill, into the Tobacco business. For 14 years he was President of The American Tobacco Company. The fine quality and popularity of "BULL" DURHAM were always subjects of great pride to him. Therefore, it is particularly gratifying to us to offer this important saving and service to the American public at this time.

## U. OF M. NO PLACE FOR IDLERS, DEANS TELL GROUP HERE

WORKERS HEARTILY WELCOMED BY DEANS NICHOLSON, BLITZ; EXPLAIN STUDENT LIFE

Students with a determined objective to gain higher learning received the cordial welcome to enroll and study at the University of Minnesota by E. E. Nicholson, dean of student affairs and Miss Anne Dudley Blitz, dean of women, both of Minnesota, in addresses to high school graduates at the Washington high school auditorium last evening.

Many parents were present and undergraduates of the Brainerd high were also well represented.

The deans in stressing the types of students they desired to come to the University of Minnesota said it was the aim of the University Board of Regents to keep the standard of the school high and to frown upon students who entered university solely because it was the thing to do.

"We do not want any idlers coming to Minnesota. Those who consider solely the play and social activities of campus life will be sent home," Dean Nicholson said.

Miss Blitz explained the big sister and twin sister movements in effect at the university. The former consists of friendship of upperclass women for lower class students and freshmen while the twin sister movement constitutes the goodwill extended girls transferring from other colleges. She explained dormitory provisions for girls and expenses.

Miss Blitz advised prospective students who are financially unable to attend university unless by gaining employment outside their school duties to delay enrollment until they are assured employment.

Miss Blitz pictured the new dormitory for men to be opened this fall. The dormitory "Pioneer Hall" will accommodate 258 students and is a distinct improvement to Minnesota's fine campus, she said.

### Warns Against Bodies

#### Agitating Socialism

St. Paul, Minn., Sept. 17.—(U.P.)—Declaring that socialism in this country probably would do the same things that communism has done to Russia, John B. Chapple, Ashland, Wis., editor, today warned Minnesota club women that the American people were being hoodwinked into accepting socialism.

Chapple said that innocent appearing organizations were disseminating socialistic propaganda which contained half truth.

### Charge Foshay Heads With Evasion Attempt

Minneapolis, Sept. 17.—(U.P.)—Fred Horowitz, special prosecutor, today charged that officials of the W. B. Foshay Co., incorporated one of its subsidiaries under Arizona laws to

evade a Minnesota commission's ruling that sale of the subsidiaries securities would constitute a fraud. The charge was made at the trial of Wilbur B. Foshay and six associates in the defunct W. B. Foshay Co. who are accused of using the mails to defraud. The subsidiary was the Public Utilities Consolidated Corp.

## Charge Foshay Heads With Evasion Attempt

Minneapolis, Sept. 17.—(U.P.)—Fred Horowitz, special prosecutor, today charged that officials of the W. B. Foshay Co., incorporated one of its subsidiaries under Arizona laws to

evade a Minnesota commission's ruling that sale of the subsidiaries securities would constitute a fraud. The charge was made at the trial of Wilbur B. Foshay and six associates in the defunct W. B. Foshay Co. who are accused of using the mails to defraud. The subsidiary was the Public Utilities Consolidated Corp.

## Gold Medal Flour

"Kitchen-Tested"

Guaranteed by the World's Largest Millers

You Can't Buy Better Flour—Used by 2 Million Women

"and send over  
another case of  
City Club..."

another lucky man has discovered  
the "Secret".

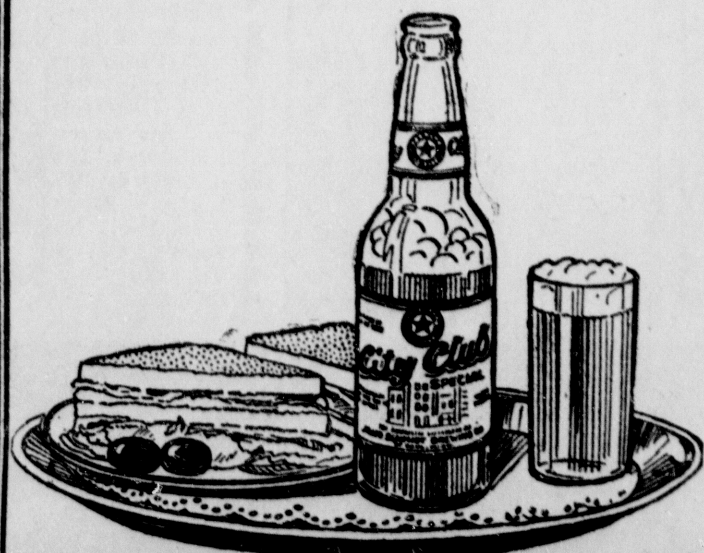

WHEN everything seems just  
wrong and you're feeling mighty  
low; when you're hot and dry and  
thirsty and long for a good cold drink  
of old time beer—

Try "CITY CLUB" SPECIAL

### "CITY CLUB" SPECIAL

is made exactly like your old friend  
Schmidt's Pale Beer. It is different  
from most "near beers" in that instead  
of boiling CITY CLUB uses a secret  
COLD VACUUM PROCESS, which  
leaves the good old time flavor in the  
beer.

If you haven't tried CITY  
CLUB SPECIAL you have  
a treat in store. PHONE  
YOUR DEALER TODAY!

## Whitted to Teach

### at Lake Narrows

Wabedo—Mr. and Mrs. Edgar Thomas and Frank Rodgers of Swift Lake near Roy River took dinner Friday with the R. Felton family, also called at the Ernie Siltman home. Mr. and Mrs. S. Whitted hauled a truck load of household goods Friday for Mr. and Mrs. Roy Whitted to their

cottage near Crooked Lake narrows where Mr. Whitted will teach school this year.

Major and Mrs. Skinner were in this vicinity Friday.

Mr. and Mrs. R. Felton and children called on Mr. and Mrs. Leslie Shepard Friday.

Mrs. Fred Anderson and baby and Mrs. H. Rouson of Bo River visited at the S. Whitted home a couple of days last week and also took in the Pine River fair.

**AMERICA'S ONLY REFINER OF GERM PROCESSED OIL OFFERS....**

**\$10,000**

**IN CASH PRIZES**

**FOR THE BEST ANSWERS EXPLAINING THE MYSTERY OF THE "HIDDEN QUART"**

## AND TELLING HOW THIS QUART BENEFITS MOTORISTS

**Fact No. 1—Thousands of motorists and service station men have observed that after a car has been given its FIRST fill of Conoco Germ Processed Motor Oil and is driven 200 to 350 miles, a look at the crankcase gauge shows that about one quart of oil is APPARENTLY missing... but**

**Fact No. 2—These same people have noticed that on the SECOND and later fillings with Conoco Germ Processed Motor Oil, scarcely a drop of oil will disappear during the first 350 miles and practically none at 500 and up to 1,000 miles!**

The above facts have been checked by actual tests with cars that use six quarts of oil for the crankcase, cars in good mechanical condition and driven at ordinary rates of speed. These facts will also prove true for your car, in proportion to the amount of oil your crankcase usually holds, your car's mechanical condition and the speeds at which you drive.

What becomes of the "hidden quart"? The answer is easy if you study the Facts given above and keep in mind the things that only Conoco Germ Processed Motor Oil can do. The explanation of the whereabouts of the "hidden quart" is simple—no technical knowledge of motors or oil is necessary.

Remember—The "hidden quart" of Germ Processed Oil does not escape through leakage... does not burn up, wear out nor evaporate. It is "present but unaccounted for." Fact No. 2, given above, proves all this.

After you've found where the "hidden quart" goes, you can easily see the special benefits it gives the motorist—advantages that no other oil can give.

See Rules of Contest for complete details.

**The Question - "What becomes of the 'hidden quart' and how does this quart benefit the motorist?"**

## COMPLETE RULES OF CONTEST

1. Answers may be any length not exceeding 200 words; length of answers will not determine winners. Write answers on Official Contest Entry Blanks preferably, or on plain white paper. Conoco Stations and Dealers will give you an Official Contest Entry Blank free. Elaborate presentations of answers will not count in your favor.

2. Write your answer in plain, simple language. Technical terms or special scientific knowledge will not influence the judges.

3. Contest closes midnight, Sept. 28, 1931, and no entries bearing postmarks after midnight, Sept. 28, 1931, will be accepted.

4. Contest open to everybody except employees and executives of the Continental Oil Company, Conoco Stations, Conoco Dealers and the Company's advertising agency, and their families.

5. In case of tie, both contestants will receive full amount of prize tied for.

6. You do not have to use or purchase Conoco Germ Processed Motor Oil or other Conoco products to compete for prizes.

7. All entries submitted, whether or not they win prizes, become the property of the Continental Oil Company and may be used in advertising without payment, and none can be returned to senders.

CONTEST CLOSING MIDNIGHT, SEPT. 28, 1931

ADDRESS ALL COMMUNICATIONS TO "CONTEST OFFICIAL"

CONTINENTAL OIL COMPANY, PONCA CITY, OKLAHOMA

Thomas and Frank Rodgers of Swift  
Lake near Roy River took dinner Fri-  
day with the R. Felton family, also  
called at the Ernie Siltman home.

Mr. and Mrs. S. Whitted hauled a  
truck load of household goods Friday  
for Mr. and Mrs. Roy Whitted to their

cottage near Crooked Lake narrows  
where Mr. Whitted will teach school  
this year.

Major and Mrs. Skinner were in this  
vicinity Friday.  
Mr. and Mrs. R. Felton and children  
called on Mr. and Mrs. Leslie Shepard  
Friday.

Mrs. Fred Anderson and baby and  
Mrs. H. Rouson of Bo River visited  
at the S. Whitted home a couple of  
days last week and also took in the  
Pine River fair.

MIDDLE WESTERN DIVISION

The Great Atlantic and Pacific Tea Company

AMERICA'S ONLY REFINER OF  
GERM PROCESSED OIL OFFERS....

**\$10,000**

**IN CASH PRIZES**

FOR THE BEST ANSWERS EXPLAINING THE

**MYSTERY OF THE "HIDDEN QUART"**

AND TELLING HOW THIS QUART BENEFITS MOTORISTS

**Fact No. 1**—Thousands of motorists and service station men  
have observed that after a car has been given its FIRST fill of  
Conoco Germ Processed Motor Oil and is driven 200 to 350  
miles, a look at the crankcase gauge shows that about one  
quart of oil is APPARENTLY missing... but

**Fact No. 2**—These same people have noticed that on the  
SECOND and later fillings with Conoco Germ Processed Motor  
Oil, scarcely a drop of oil will disappear during the first 350  
miles and practically none at 500 and up to 1,000 miles!

The above facts have been checked by actual tests with  
cars that use six quarts of oil for the crankcase, cars in good  
mechanical condition and driven at ordinary rates of speed.  
These facts will also prove true for your car, in proportion to  
the amount of oil your crankcase usually holds, your car's  
mechanical condition and the speeds at which you drive.

What becomes of the "hidden quart"? The answer is easy  
if you study the Facts given above and keep in mind the  
things that only Conoco Germ Processed Motor Oil can do.  
The explanation of the whereabouts of the "hidden quart" is  
simple—no technical knowledge of motors or oil is necessary.

Remember—The "hidden quart" of Germ Processed Oil  
does not escape through leakage... does not burn up, wear  
out nor evaporate. It is "present but unaccounted for." Fact  
No. 2, given above, proves all this.

After you've found where the "hidden quart" goes, you  
can easily see the special benefits it gives the motorist—  
advantages that no other oil can give.

See Rules of Contest for complete details.

**The Question** — "What becomes of the 'hidden' quart and how does this quart benefit the motorist?"

## COMPLETE RULES OF CONTEST

- Answers may be any length not exceeding 200 words; length of answers will not determine winners. Write answers on Official Contest Entry Blanks preferably, or on plain white paper. Conoco Stations and Dealers will give you an Official Contest Entry Blank free. Elaborate presentations of answers will not count in your favor.
- Write your answer in plain, simple language. Technical terms or special scientific knowledge will not influence the judges.
- Contest closes midnight, Sept. 28, 1931, and no entries bearing postmarks after midnight, Sept. 28, 1931, will be accepted.
- Contest open to everybody except employees and executives of the Continental Oil Company, Conoco Stations, Conoco Dealers and the Company's advertising agency, and their families.
- In case of tie, both contestants will receive full amount of prize tied for.
- You do not have to use or purchase Conoco Germ Processed Motor Oil or other Conoco products to compete for prizes.
- All entries submitted, whether or not they win prizes, become the property of the Continental Oil Company and may be used in advertising without payment, and none can be returned to senders.

## BRAINERD NINE TRAINS HARD FOR MINNESOTA AMATEUR TITLE RACE

Brainerd's entry in the State Amateur Baseball tournament at Lexington Park, St. Paul, next Tuesday will continue practice today at 5:15 p. m. at the Brainerd Municipal Field and will play a pickup team of other stars in the city league tomorrow afternoon at the same time.

A Saturday practice is also called for 2 p. m. and an exhibition game with either Staples or Sebekka is being arranged here for Sunday.

Brainerd will take 12 men to St. Paul.

The roster as announced by Marvin Nutting and Jarboe follows: Catchers, John Stanley, Harry Bernard; pitchers, Franks, Jim Gabiou, Richmond, Jarboe; first base, Hanson; second base, Tibbetts; short stop, Uddenberg; third base, Roy Hegstad; left field, Elling; center field, Nutting.

The position of right field will be filled by one of the spare pitchers or catchers.

An appeal to Brainerd business men was made today to raise \$100 to defray expenses of the squad.

While the tournament opens Monday the Brainerd team will not enter play until Tuesday. At that time the team will play the winner of the Zumbrota-Rochester game Monday.

## K. C. MILWAUKEE FIGHT FOR SECOND PLACE HONORS

ASSOCIATION TEAMS SWING INTO ACTION AGAIN TODAY AFTER DAY OF REST

(By United Press)  
After a day of rest, American association teams will swing into action again today, with all teams but St. Paul trying to hold their present positions or climb a notch or two before the season ends.

St. Paul doesn't have to worry, because it has the pennant already won.

## WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get those two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resist a substitute, size at all stores. © 1931 C. M. C. Co.

## No More Piles

Pile sufferers can only get quick, safe and lasting relief by removing the cause—bad blood circulation in the lower bowel. Cutting and salves can't do this—an internal remedy must be used. Dr. Leonard's Hem-Roid, a harmless tablet, succeeds, because it relieves this blood congestion and strengthens the affected parts. Hem-Roid has a wonderful record for quick, safe and lasting relief to pile sufferers. It will do the same for you or money back. H. P. Dunn and Johnson's Pharmacy and druggists anywhere sell Hem-Roid with this guarantee.—Adv.

## How One Woman Lost 47 Lbs of Fat

In 3 Months and  
Feels Years Younger

"I have been taking Kruschen Salts for nearly 3 months. I have continued taking one teaspoonful in warm water every morning. I then weighed 217 pounds, was always bothered with pains in my back and lower part of abdomen and sides.

"Now I am glad to say I am a well woman, feel much stronger, years younger and my weight is 170 pounds. I do not only feel better but I look better, so all my friends say."

A bottle of Kruschen Salts that lasts 4 weeks costs but 85 cents at Johnson's Pharmacy and Economy Drug Co. and druggists the world over. Take one half teaspoon in a glass of hot water every morning before breakfast.

Attention to diet will help—cut out pastry and fatty meats—go light on potatoes, butter, cream and sugar—the Kruschen way is the safe way to lost fat. Try one bottle and if not joyfully satisfied—money back.—Adv.

Fresh Roasted from our own plant every week.

## Car Mill Feeds TO ARRIVE

Sept. 18 Thru Sept. 22

At **\$12.00** per ton

Crow Wing Mill, Brainerd

"It costs only 40 cents  
to telephone and find out!"

"Next day after my sister Mabel went to Aunt Sarah's, Mom was worrying and said she'd give five dollars to know Mabel was there all right."

"Pop told her to give it to him and he'd tell her and then said to call up by Long Distance, which she did and found out all about everything and it cost only 40 cents. So if she'd given Pop \$5 he would have been \$4.60 ahead."

Bobbie Bright  
...about son of the  
Household!  
\*\*\*

Long distance telephone charges are low: For 35 cents you can talk three minutes during the day over a distance of 40 air line miles—when you ask for anyone available at the telephone called. Charges are less per mile as the distance increases.

NORTHWESTERN BELL TELEPHONE COMPANY
